

Resicore Rubber MP

Resicore Rubber MP is an ultra-durable, non-porous rubberized sports surface designed with a unique traction-enhancing textured embossing. Resicore Rubber MP's waffle spring backing provides for excellent shock absorption and ball return. This sports surface is a great fit for multi-sport applications including tennis!

Available in: 5, 6, 8, 10, 12, 13, & 14mm thicknesses

- A. Rextured embossing promotes maximum traction.
- B. The heavy-duty core of the system absorbs impact while protecting against compaction.
- C. The waffle base layer supports the performance of the system and promotes uniformity throughout.
